Information about the service

Here's a quick summary of all the important bits about your **International Roaming** availability and charges for the Mobile Broadband Plans and Mobile Plans.

International Roaming charges apply to your post-paid mobile phone service when you use it in countries outside Australia. It gives your mobile phone number access to international mobile phone networks and let you make and receive calls, send and receive SMS/MMS, and access mobile data (if available).

What's Included and Excluded?

International Roaming charges apply to usage of call, messaging and data services, including receiving calls and SMS/MMS messages.

Information about pricing

Usage of your Mobile for incoming and outgoing calls in countries outside Australia is charged outside of your standard monthly Access Fee. Rates for different services vary from country to country, according to the tables below.

International Roaming Band Structure	Calls Made and Received per 60 secs.
Countries in Zone 1	\$1.500
