Fast Speed 25/5 Mbps

CRITICAL INFORMATION SUMMARY

Information about the Service

The QTelecom NBN Fibre service is a broadband Internet service that uses the latest technologies of the NBN fibre network. It uses state of the art fibre optic technology cabled direct to your premises.

Bundling

You can bundle one of our NBN Phone services (for an additional \$11.00 per month plus call costs) with these plans. Please contact us if you would like to bundle your phone line with us.

Required Services & Availability

The NBN Fibre service is only available within an area serviced by the NBN Fibre Network. Your premises will need to be connected to the NBN Network by NBN Co. Standard installations are included free of charge however any non-standard installations may require you to pay for additional costs.

Availability for NBN Fibre can be checked online at <http://www.nbnco.com.au/connect-home-or-business/check-your-address.html>

Minimum Terms

All NBN Fibre Service plans have a 24 Month contract arrangement.

Information about data - What's included

If you exceed your monthly quota, we simply slow down (shape) your download speeds to 256Kbps for the remainder of your billing month.
