| Everyday Extreme | 1TB | \$125.00 | \$115.00 |

QUEENSLAND

TELECOM

Local provider, National coverage.

Why choose us?

One Bill.

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

Direct Contact.

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

Choice of Networks.

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

A Communications Partner.

We believe in being a partner to our clients, the success of your business is our business. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.

Things you should know:

1. All connections are subject to a 24 month agreement. 2. All connections come with a dynamic IP address. Static IP address can be purchased separately. 3. Early Termination Fee applies and is equal to minimum monthly spend x months remaining in contract. 4. NBN is not available to all customers in all areas. 5. "NBN" broadband will deliver speeds of up to 100Mbps at selected areas where NBN infrastructure has been installed. 6. Speeds are theoretical maximum speeds based on NBN tests. Actual speeds may be less due to a number of factors including network configuration, customer premises interference, traffic and hardware and software. 7. Some existing members may need to purchase a new modem to access the NBN. 8. Once you have reached your usage allowance, the speed of your service will be shaped. 9. Usage means monthly download data transfer. 1 Gigabyte = 1000 Megabytes. 10. Acceptable Usage Policy Applies for uploads on a ratio of 1:1 Downloads:Uploads. If uploads exceed downloads in a particular month the service will be automatically shaped for the remainder of that cycle. 11. A \$60 connection fee applies to all connections. 12. Lead in and connection times :NBN states 30 working days for Available Infrastructure – and 5 working days for Existing Infrastructure. We should be able to indicate the timeline at order acceptance. 13. Standard NBN = 12/1 Mbps, Fast = 25/5 Mbps (Most Popular), Faster = 50/20 Mbps, Fastest= 100/40 Mbps
