

Severe Weather events impact service in parts of Capricornia, Central Highlands and Coalfields, Central Coast - Whitsundays and Central West Districts of Queensland.

QTelecom is working to manage the significant impact to services that has occurred as a result of a series of severe weather events in parts of the Capricornia, Central Highlands and Coalfields, Central Coast - Whitsundays and Central West regions of Queensland on or about Friday 15 July 2016 through to Sunday 17 July 2016.

Due to the effect of damage to the telecommunications network by severe storms, there has been a significant increase in the number of services being reported as faulty. As a result, there has been some disruption to service and delays to normal installation and repair activities. QTelecom apologises to any affected customers. Information as to the nature of these severe weather events can be sourced from the Early Warning Network at <http://www.ewn.com.au/alerts/>. Damaging winds and heavy rainfall are referred to within this site for Friday 15 July 2016 through to Sunday 17 July 2016; all of which were widely reported in the news media after the events.

QTelecom has identified that the effect of these circumstances may apply to approximately 1,350 services. Some of these services may not be installed or repaired within QTelecom's standard time frames. The number of possibly affected services may increase or decrease as Telstra assesses the full effect of the severe weather conditions. Based on current information, the resumption date of QTelecom's normal service operations is expected to be 14 August 2016. This date is indicative only, however, and may be subject to change once the full impact of the severe weather conditions has been assessed. QTelecom regrets any inconvenience caused to customers and thanks them for their patience while this work is being undertaken.

Services encompassed in this exemption are in the area bounded by and including, but is not limited to, the area starting at Bakers Creek Conservation Park following the coastline south past Yeppoon and Gladstone to Turkey Beach. From Turkey Beach the area turns southwest to Boyne Valley, northwest to Dumgree then northeast to Mount Alma. The area then heads northwest to Dululu, west to Coomoo, southwest to Arcadia Valley, and northwest to Buckland then southwest to Jundah. From Jundah the area turns northwest to Diamantina National Park, north to Mckinlay then east past Stamford to Mount Coolon. The area heads northeast to Bloomsbury, southeast to Eton then northeast back to Bakers Creek Conservation Park. All suburbs and towns, off shore islands and coastal areas serviced by QTelecom within these boundaries are encompassed in this exemption.

Services in the area mentioned above with phone numbers in the following number ranges may have been affected:

07 4568 3000 To 07 4568 5999
07 4835 0000 To 07 4847 2999
07 4621 6000 To 07 4621 7999
07 4884 0000 To 07 4885 8999
07 4650 1000 To 07 4658 9999
07 4898 3000 To 07 4999 4999
07 4816 7000 To 07 4816 7999

As these circumstances were outside of QTelecom's control, QTelecom is claiming an exemption from compliance with time frames and performance standards required under the Telecommunications

(Customer Service Guarantee) Standard 2011. Therefore QTelecom is notifying customers that normal installation and repair time frames may not be met during the period from 18 July 2016 to 14 August 2016 inclusive (based on QTelecom's estimated recovery schedule correct at the time of publication of this notice) and, under section 21 of the Telecommunications (Customer Service Guarantee) Standard 2011, QTelecom will be exempt from complying with performance standards during this period.

Yours sincerely,

QTelecom Customer Care
